V2Soft RAS-2005 Project proposal				
<i>Responsibility</i>	<i>Name</i>	<i>Prepared by</i>	<i>Inspected by</i>	<i>Signature</i>
Project Manager	Çağdaş EKİNCİ		√	
Designer	Atilla ACAR			
Designer	Mevlüt BALLI	√		
Designer	Özkan ÇELİK			

**DATE OF MEETING: 15/10/2004**

**PARTICIPATION: All members**

## **AGENDA OF MEETING**

This was the second meeting, and we have strengthened our team with the participation of Özkan Çelik, so first topic was introducing Özkan to project title and other team members. Another subject that we dealt with was the name of our new group. Another topic was the sharing jobs among team members. And finally, we dealt with the platforms inspected to use for the project.

## **SUMMARY and RESULTS of MEETING**

Since we had a new member, we tried to share our knowledge with Özkan and he shared his knowledge and ideas to us. We tried to give details of the project to him. Finally, decide him to explore more about the project until the forthcoming meeting.

Since, we were a new group and the name BSM was not carefully considered before we decided to change our group name, and decided to brain storm on group name and change it if necessary until the next meeting.

After exploring the team members abilities we tried to share duties and decide the positions of team members. At the end, we have decided Çağdaş Ekinçi to be the project manager, and others to be the designers.

Finally, we put our investigations about the platforms that we have done on table, but we could still not decided to the platform to use. The most sophisticated one was using .net and Java together. .net for inside restaurant activities and Java for outside restaurant activities.

## **NEXT MEETING TIME DECIDED: 22/10/2004**

NOTE: For ours and the projects goods all should attend the meetings.

One with additional meeting request should inform others before 1 day of the meeting that he wants to be held on.

Thanks and Best Regards to all participators
