Senior Design Project
Weekly Report 7

Last week we had two meetings. First of them was on Thursday. In this meeting Damir and I studied on the interface design and implementation of CV Search page. Fatma and Derya studied on the database tables of job-seeker module. They also tried to get used to Integration Server.

The other meeting was on Saturday. In this meeting all of us studied on employer module. We prepared Job Application Create page.

Next week we will have three meetings. In these meetings we will study on the web services of employer module. We will also prepare a demo for Tuesday meeting.
