Progress Report

Team Prime'

Ant Ogun Kefeli

Dođan Poyraz

Yurdakul Göksu Orhun

Onur Cem Sırlı

Ogun:

On the web servers, there were unnecessary encode/decode operations. They are removed now.

Dođan:

Worked on some linux commands that can be used to determine system state and CPU load by parsing the output.

Göksu:

Worked on the web site and added missing files and weekly reports.

Onur Cem:

For multiple streams, studied PHP and JavaScript codes.

Next Week:

- Improvement of user interface and multiple stream functionality.
