**Week Reported: 02.05.12-08.05.12**

### **Progress:**

This week we integrated the whole game. While integrating we also fixed some bugs existed in the game. I helped both integrating the tasks and presentation. Since we have a test in ODTÜ GV Lisesi and a presentation, we tried to have our game playable. Also I prepared a presentation that includes what we have done so far in the project. I aranged a meeting with Mehmet Bilgiç, physics teacher in ODTÜ GV Lisesi. Next Monday we will see him and Show him our game. If he finds suitable, we will be able to test it with the students.
