Words to Inspire

# Meet the Team

- Başak Ece Can
- Emel Topalođlu
- Hüseyin Cem ÖZTÜRK
- Oytun ÖNAL

# Outline

- Definition of the Problem
- Motivation
- Approach
- Current Design
- Current State
- Challenges
- Future Work
- Q&A Session

# The Problem

- Lack of resources,
- Lack of fun factor,
- Lack of e-learning resources for FATİH  
(Fırsatları Arttırma Teknolojiyi İyileştirme  
Hareketi)

# Motivation

# Approach

# Two sides of the problem

- Social and educational
  - What will we do?
- Technological
  - How will we do?

# Social and Educational Problems

# Social and educational problems

- Who are these students?
- What are their interests?
- What should we teach them?
- How should we teach them?

# What did we do to answer these questions?

- Research about students' interests
- Studying students' needs
- Workshop
- Meeting with teachers

# Workshop

- Working with experts
  - A futurist toy designer
  - A UNICEF volunteer
  - CEIT members and students
  - Officers from MoE
- Learning the creative process

# Workshop

- Brain-Storming
- Concept selection
- Studying students' needs

# Technical Problems

# Our game should run on

- PCs
- Tablets

# Our game should run on

- Windows
- Android
- iOS

“Develop once, deploy  
anywhere.”

# Why Unity?

- Cross-platform development
- Easy to deploy for different platforms
- Integrated game engine

# Current Design

# Current Design

- GUI design
- Story design
- Main components and their interactions

# Map

# Components

What has been done  
so far?

# What has been done so far?

- Game design workshop
- Concept selection
- Studying students' needs
- Design of the scenario
- Basic character design
- Getting feedback from teachers

# Challenges

# Challenges

- Working remotely with sponsors abroad
- Dealing with a large project by distribution of workload
- Trying to fit our game design into traditional documentation guidelines

What is left?

# What is left?

- Getting feedback from students
- Design of more levels
- Implementation
- Sound effect
- Tablet controls
- Tests

To sum up...
