

WEEKLY REPORT

TRANQUILLUM

05/05/2013

Abdullah Hasan Taher Bayrakdar

- Started to design Appliances List Page to monitor and control all the devices from a single page.

Anıl Ulutürk

Şerafettin Öztürk

- Made search on doxygen on CC2530 but doxygen is not compatible with it.
- Got a problem sending data from end device to coordinator. Continue to search on that.

Zeynep Mavuş

- Made search on power consumption scenarios of the appliances and started to implement them on the simulation.
