Feed and Recommendation

QuoteShot recommends quotes that are similar in terms of hashtags involved, book and author information.
Optical Character Recognition

Users can share the quotes in text form generated by the application’s text recognition. When the text form appears they can also share quotes from other platforms.

Book Exchange

Users who are locally close enough, can exchange books.

Technologies

- GPS
- Google App Engine
- Java
- Android Studio
- OCR
- OpenCV
Optical Character Recognition

Users can share the quotes in text form generated by the application's text recognition. When the text form appears, they can also share quotes on other platforms.
Book Exchange

Users who are locally close enough, can exchange books.
Conclusion

“A reader lives a thousand lives before he dies. The man who never reads lives only one.”
