

brify

READ LESS. HEAR MORE.

Broadcasting Recent Information For You

Your news, turned into a podcast you actually want to listen to.

• LIVE IN PRODUCTION / IOS • ANDROID • WEB

THE ENGINE

From sources to ears, in five steps.

END-TO-END PIPELINE · RUNS NIGHTLY
FRESH EVERY MORNING

01

Ingest

Crawl 70+ news sources, papers and user-supplied URLs. Deduplicate and clean.

02

Personalize

Rank against your topics and ratings with vector similarity.

03

Script

LLMs draft faithful summaries, cross-checked against the source.

04

Synthesize

Studio-grade narration in your chosen voice and tone: casual, professional, narrative, or analytical.

05

Deliver

Pushed to your phone with offline download, transcript and ratings.

FEATURES

ON-DEMAND

Daily & custom briefs

Fresh daily mix every morning, or generate a custom podcast on any topic, any time.

YOUR SOURCES

Bring your own links

Drop in an arXiv paper, a blog post, or any URL, and we'll fold it into your brief.

VOICES & TONES

9 voices, 4 tones

Pick the narrator that fits your commute. Choose casual, professional, narrative, or analytical.

ANYWHERE

Offline & background

Download once, listen anywhere. Screen off, signal gone, no problem.

Built for how you actually listen.
