"Smart Bartering for
Modern Communities"

Upload Your Item

Upload a photo of your item; the AI instantly detects the object and automatically assigns the most suitable category.

Explore Locally

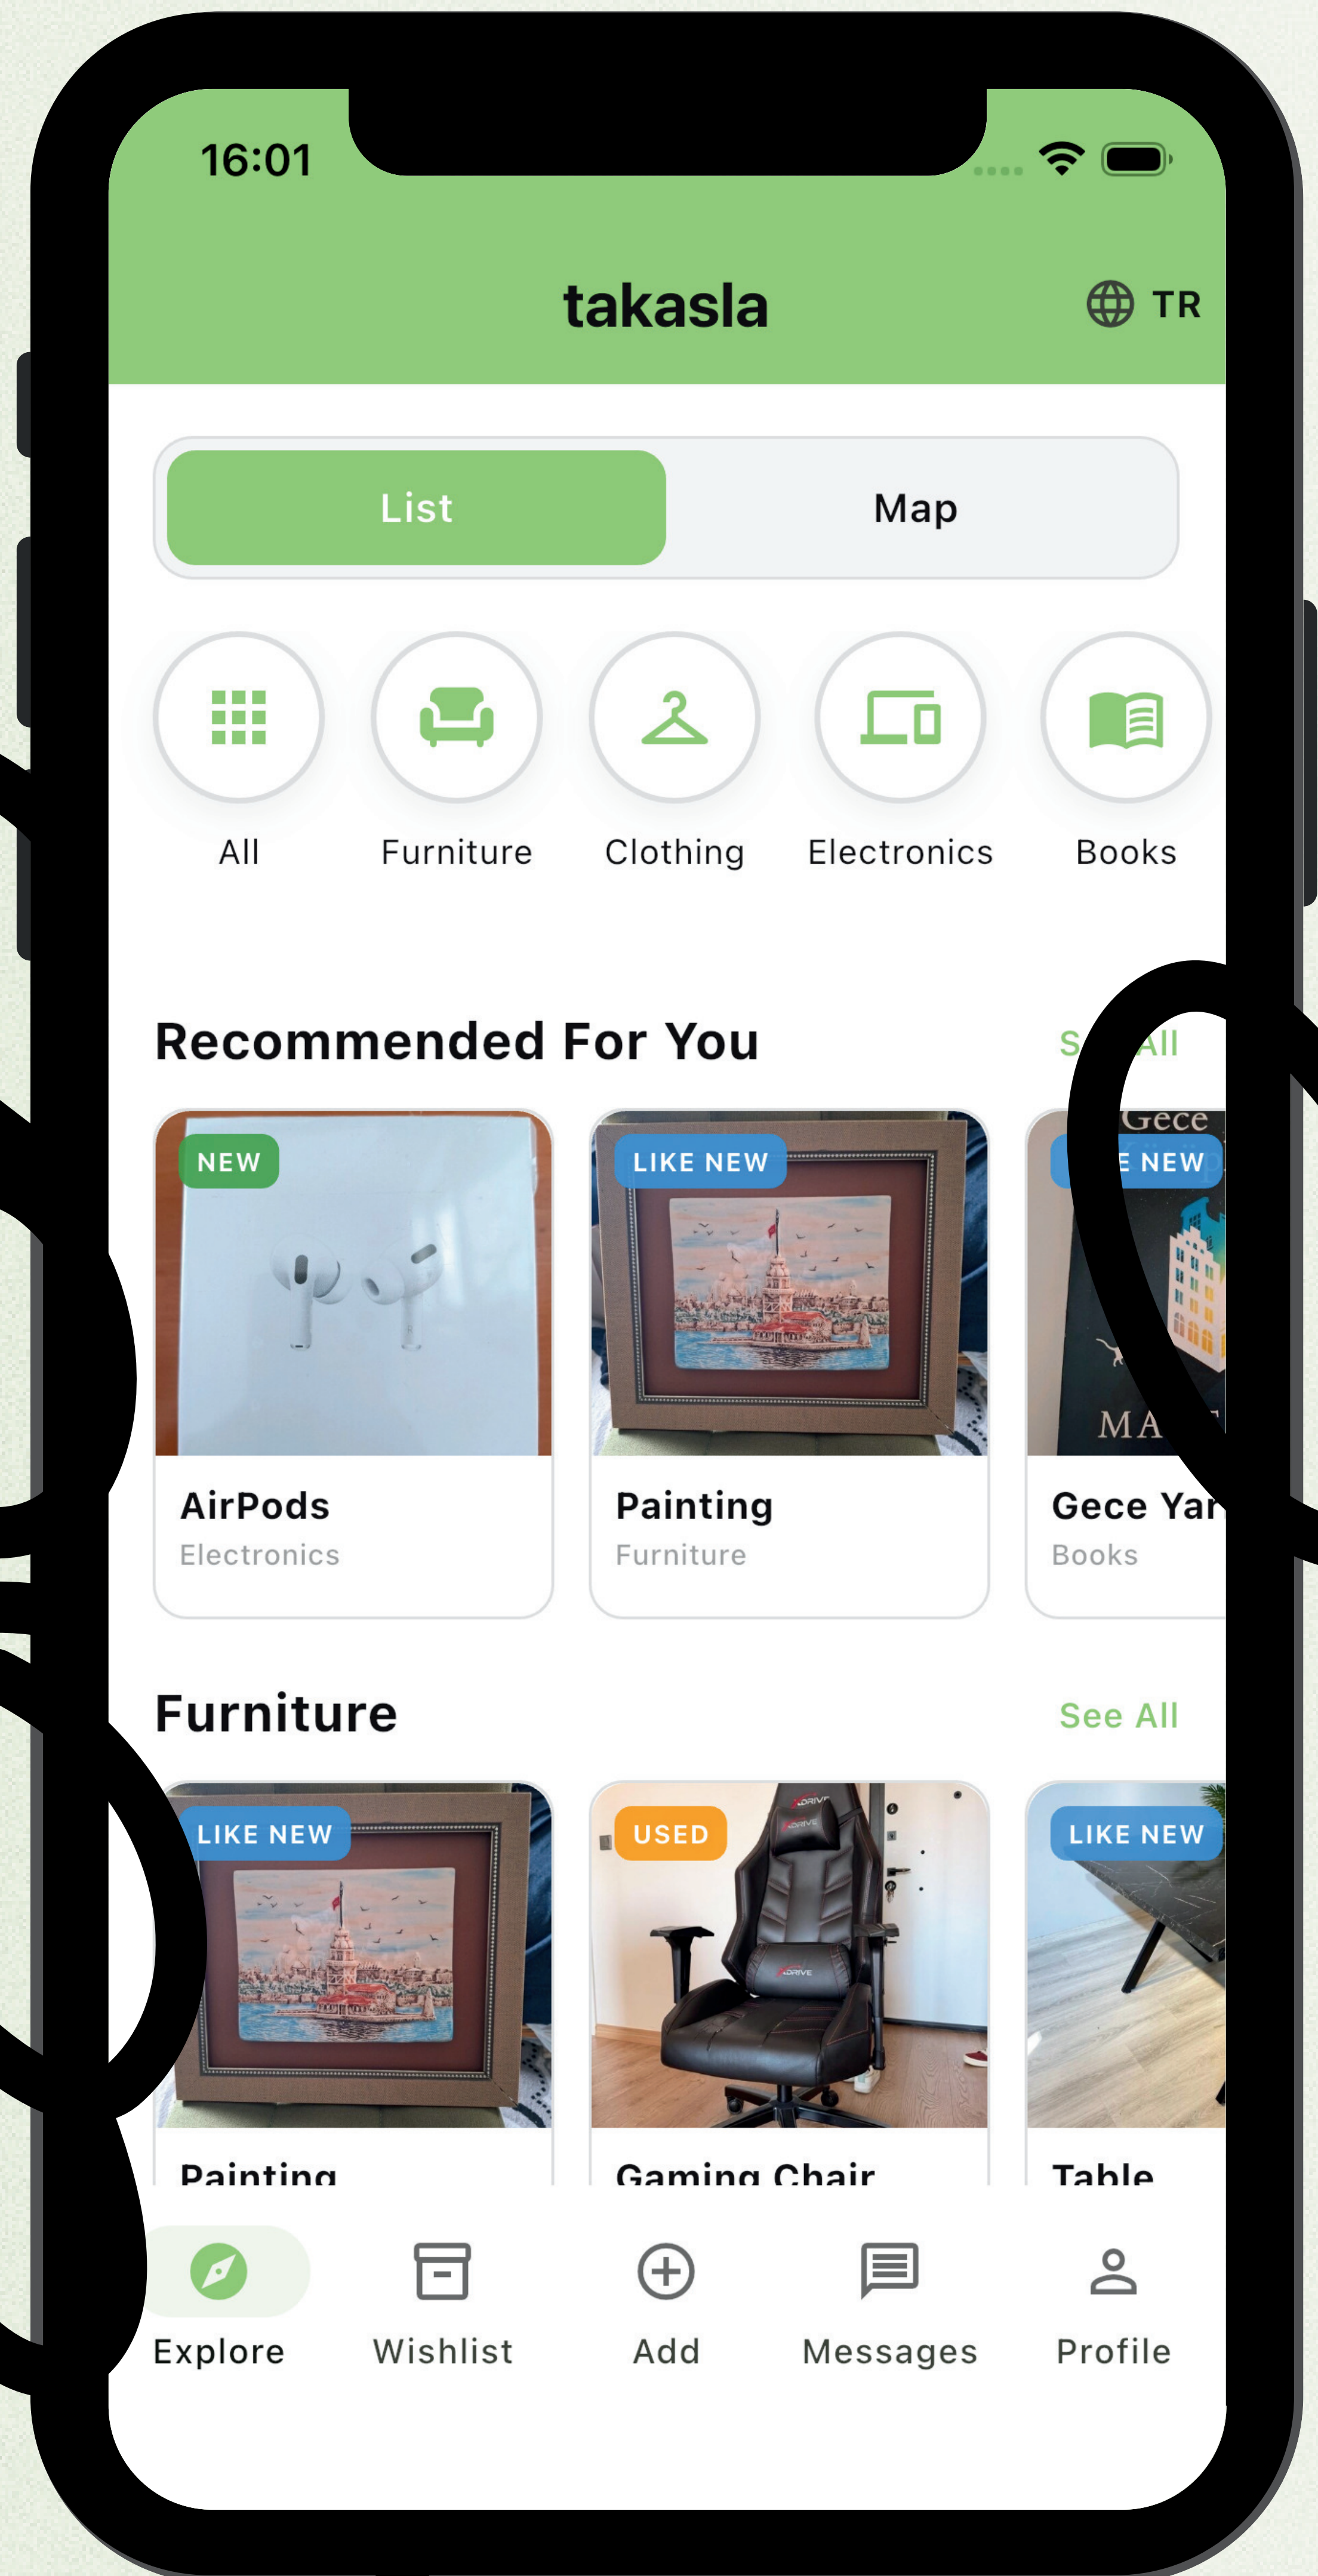

Easily browse exchange offers and items nearby using the map-based discovery interface.

Smart Offer Making

Make a trade offer for a single item or combine multiple items into a bundle, guided by AI fairness and value checks.

Secure the Deal

Negotiate smoothly with real-time chat translation and finalize your barter safely via the trust badge system.
